

# COVID-19 MOVEMENT RESTRICTIONS

## YEMEN MOBILITY RESTRICTION DASHBOARD #31

Total Reported COVID-19 Cases in Yemen as of 30 November 2021

Source: National Center for Disease Control

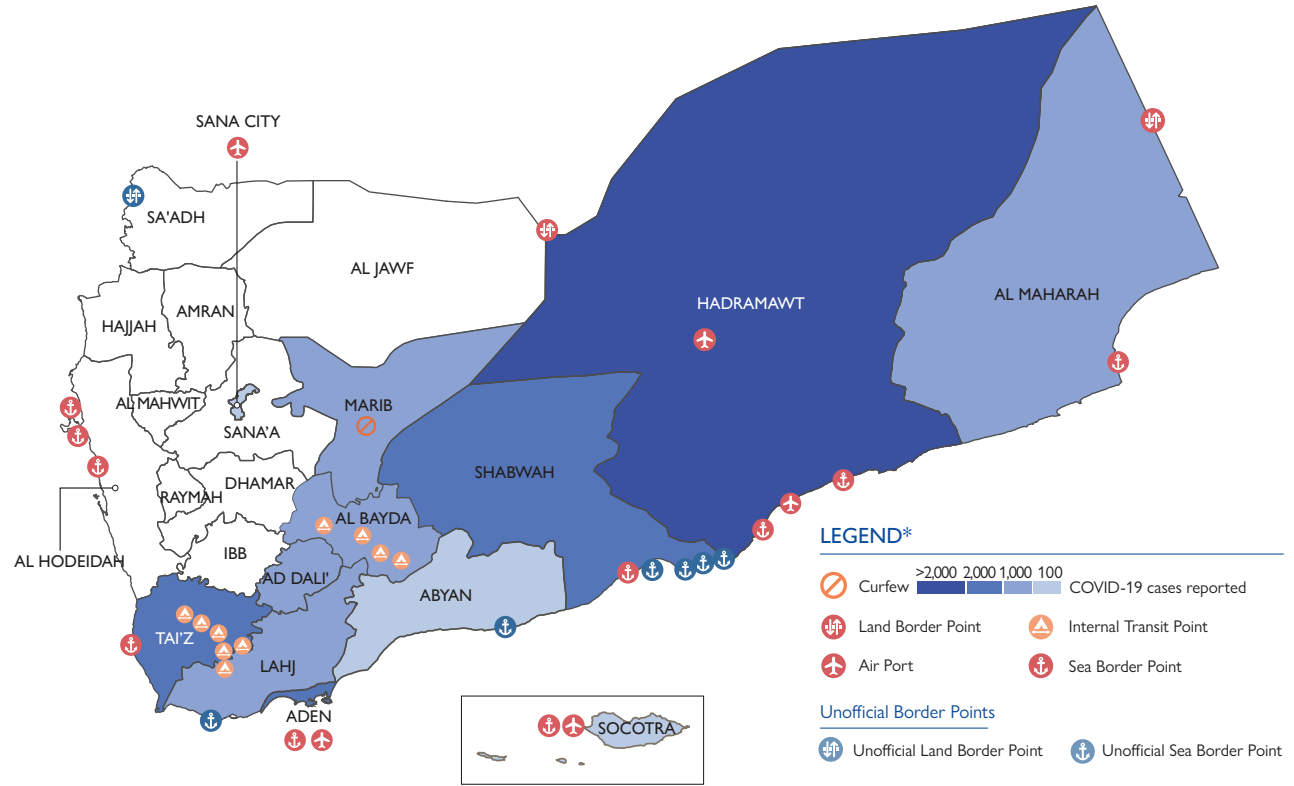

**9,995** Confirmed | **6,878** Recovered | **1,949** Deaths

### HIGHLIGHTS (From 01 to 30 November 2021)

- 204 new cases – 60 new deaths | source: [WHO](#)
- Updates on numbers of new cases in areas controlled by the De Facto Authorities (DFA) based in Sana'a are not available.
- 3,622 non-Yemeni migrants arrived at the Yemeni southern governorates of Lahj, Hadramowt and Shabwah, and 5,802 Yemeni returnees arrived in Yemen from Saudi Arabia (KSA). [\(Please see November FMR report for more details\)](#)
- No IDP households (HH) reported COVID-19 as the reason of displacement. So far, the total number of IDP HHs who have cited COVID-19 as the primary reason for displacement is 1,559 households.
- On 26 November 2021 the Ministry of Public Health and Population in Aden received 360,000 doses of the AstraZeneca vaccine against corona (COVID-19), provided by the COVID19 Vaccines Global Access (COVAX) initiative.

### Mobility Restrictions

In response to the COVID-19 pandemic, the local authorities of Yemen declared a nationwide health emergency and introduced many preventative measures similar to those adopted by the rest of the world starting in March 2020, in order to reduce the transmission of the virus. The Yemeni authorities had put additional preventive measures and health screenings for people passing through ten transit points used for public movement between southern and northern governorates, specifically at points located in Taizz and Al-Bayda. These restrictions have been loosened and the health screenings have been removed. For Yemeni returnees from KSA through Al Waddeeah border point and from Oman through Shahin border point providing a COVID-19 PCR test report is mandatory. Fifteen sea border points and three land border points are reopened for movement.

- The movement restrictions were lifted, and the health screenings have been removed from internal transit points.
- Al Waddeeah land border point (between Yemen and KSA) is open, only allowing Yemenis holding a negative PCR test in addition to a COVID-19 vaccination certification to enter KSA. Al Shahin land border point (between Yemen and Oman) is opened; permitting entry to Yemen from Oman subject to providing a negative PCR test. Entry to Oman requires proof of vaccination against COVID-19, certified by the local authorities in Oman.
- International Airports in Sana'a, Aden, Sayun and Al Rayan reopened for international flights.
- Authorities in the governorate of Ma'rib imposed a curfew from 09 p.m. until 05 a.m. in an attempt to combat the spread of COVID-19.

Governorate	Cases	Recovered	Deaths
Hadramawt	3,712	2,644	954
Aden	1,931	1,390	179
Taiz	1,661	1,013	265
Shabwah	660	449	156
Marib	561	442	71
Lahj	430	288	104
Al Maharah	398	324	65
Ad Dali	295	103	59
Al Bayda	289	198	76
Abyan	50	25	13
Socotra	28	0	4
Sanaa City	4	2	2
