

462 IDP HHs

4 Returnee HHs

IOM Yemen DTM's Rapid Displacement Tracking (RDT) tool collects data on estimated numbers of households forced to flee on a daily basis from their locations of origin or displacement, allowing for regular reporting of new displacements in terms of estimated numbers, causes of displacement, geography and needs. It also tracks returnees who returned to their location of origin.

During the reporting period, between 23 and 29 January 2022, IOM Yemen DTM tracked 462 households (HH) (2,772 individuals) displaced at least once.

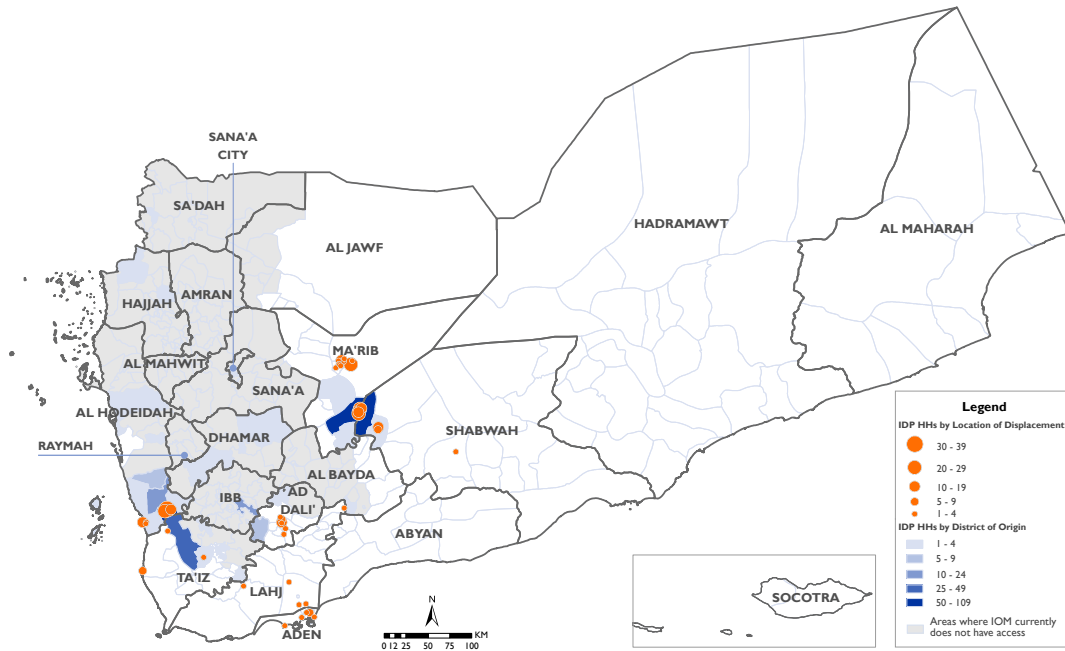

Conflict was the main reason for displacement, accounting for 99 per cent (457 HH) of the total, followed by economic reasons, accounting for one per cent (5 HH).

From 01 January to 29 January 2022, IOM Yemen DTM estimates that 2,190 households (13,140 individuals) have experienced displacement at least once.

Some 67 HH displaced in the previous reporting period, which covered 16 - 22 January 2022, in the governorates of Ta'iz (52 HHs), Al Maharah (13 HHs) and Aden (2 HHs) were only identified in the current reporting period. This figure has been added to the cumulative displacement total recorded from the beginning of the year.

Governorate of Displacement	IDP HH Displaced during the week 23 to 29 Jan 2022	Total IDP HH from 1 Jan to 29 Jan 2022
Shabwah	170	575
Al Hodeidah	141	701
Ma'rib	76	396
Ta'iz	31	255
Ad Dali'	28	116
Al Maharah	13	52
Lahj	3	13
Aden	0	64
Hadramawt	0	11
Abyan	0	7
Al Jawf	0	0
Al Bayda	0	0
Socotra	0	0
TOTAL	462	2,190

DISPLACED HOUSEHOLDS BY LOCATION OF DISPLACEMENT AND DISTRICT OF ORIGIN
