The data to develop this map was extracted from the ongoing Lebanese Red Cross (LRC) Multi-Sector Needs Assessment (MSNA) dataset. The georeferenced location data on foreign nationals in Beirut were extracted from the total dataset and analysed in further detail. In total, 1896 number of foreign national households were assessed as of August 28th, 2020.

This map is for illustration purposes only. The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the International Organization for Migration.
