

Overview:

Compared to previous updates there was an intensification of COVID-19 related travel measures issued by countries, territories or areas restricting movements of passengers or nationals, and/or new health dependent travel conditions, with **932 new measures newly published in one day**. As of 10th March 2020, there are at least **1,820** measures implemented due to COVID-19 issued by **104** countries, territories or areas, an increase of **105%** from the **888** restrictions reported yesterday. Two new EU countries issued travel restrictions, including **Hungary**, for **nationals of the Islamic Republic of Iran**, independently of travel route, and **Austria** for passengers arriving from the People's Republic of China, **Italy**, the Islamic Republic of Iran and the Republic of Korea, which now require a medical certificate. Restrictions from Austria **do not apply to EU nationalities**, Switzerland and the United Kingdom of Great Britain and Northern Ireland. Most countries continued to increase measures limiting passenger arrival or transit through an increasing list of countries. **New measures emerge**, including **Emergency visa on arrival** are now included in measures published today by **Kuwait**, for nationals of restricted nationalities (Hong Kong SAR, China, Italy, Japan, the Republic of Korea and Singapore) for a maximum stay of 7 days if they have not been in a list of countries for the past 14 days. The number of **African** countries, territories or areas issuing restrictions is now increasing, with **Benin** imposing self-quarantine measures to passengers from COVID-19 countries, territories or areas; **Gabon** not allowing passengers in the People's Republic of China during the previous 14 days and also subjecting passengers to quarantine if arriving from a COVID-19 affected country, territories or areas; **Kenya** for now only requiring health declaration. The number of **Caribbean** countries imposing measures also continues to increase, with **Haiti** issuing banning arrival for passengers visiting **France** and other countries in previous 14 days. The restrictions related to requirements for mandatory **health certificates** represent 48% of the new measures. **Total restriction of movements** for non-nationals is now also in place in **Democratic People's Republic of Korea and the Marshall Islands**, with banned arrivals of international passengers. **Israel** published measures preventing all passengers except Israeli nationals from entering the country on 10 March, but adjusted later to postpone implementation to 12 March. From 12 March 2020 passengers **are not allowed to enter Israel**, exempting Israeli nationals or residents. Indefinite restriction applied to **all passengers of a certain nationality** represent now approximately **29%** of restrictions, with nationals from the **People's Republic of China, Italy, Islamic Republic of Iran and the Republic of Korea** receiving the highest number of restrictions imposed. Countries, territories or areas implementing nationality-based restrictions now also includes **Turkmenistan, Grenada, Gabon, Hungary and Qatar**. **Kyrgyzstan** changed previously issued nationality-based restriction to only include those traveling through certain countries. Additionally, changes in previous **visa arrangements**, including invalidating **previously issued visas** or imposing **pre-departure visa** for some nationalities continues to increase, as well as travel requirements tied to **proof of health and mandatory health screenings**.
